

# NET-SHARE

**Network of ICT experienced organizations, sharing experiences, knowledge and supporting SMEs**

**The NET-SHARE project is a network of experienced ICT organizations, from several European countries, which provides support to European SMEs through sharing of the experiences and knowledge gained mainly during participation in the SME domain of the former eTEN programme (also link with national initiatives will pursued).**

## What we do?

- ✓ **Facilitate the exchange of experiences and development of joint actions between Network Members, and between them and the SME market;**
- ✓ **Implementation of a Good Practices programme on ICT initiatives and services for SMEs, including the assessment of eTEN results and of national initiatives;**
- ✓ **Provision of key documentation to the network (studies, etc.);**
- ✓ **Prepare promotional material and publications and ensure the delivery of it by various means (e-mail, post) to the members;**
- ✓ **Raise awareness on European ICT activities for SMEs amongst the local industrial fabric;**

- ✓ **Stimulate the capacity of firms to adopt and develop new information technologies;**
- ✓ **Promote trans-national cooperation projects in the ICT field;**
- ✓ **Promote activities in the ICT field with other networks and organisations;**
- ✓ **Promote policies that benefit innovative solutions in microelectronic components, microsystems and embedded systems.**

## What we have to offer?

---

- ✓ **Minimum of 40 Good Practices in the ICT area, building from the participants experience in eTEN and other programmes, including national initiatives;**
- ✓ **High-level training on the Good Practices;**
- ✓ **Organize national and international Dissemination events;**
- ✓ **Study and share the ICT Innovation policies at an European and national levels;**
- ✓ **Develop a website that will work as an information sharing platform between the partners and the SMEs that may join the consortium.**
